

## Our Motherland

India is my motherland  
I love her more than others;  
Her mountains, lakes and rivers  
They treat us like their brothers.

The mountains reach to God on High  
Through them our hearts for God do sigh;  
They teach us unity and might  
Always keeping God in sight.

Its lakes and rivers water fields  
Which give us food each year,  
We get many gifts from God  
Who loves our Motherland so dear.

The letter G is printed big.

Two other letters in the alphabet are shown with an underline.

They are D and O.

When you put G, O and D together you get the word : GOD.

Do you know the meaning of God?

Do you know who is God?

God is the creator of everything:

Sun, moon, stars and also the earth.

God created the sea.

God created the birds.

God created the animals.

God created the fish.

God is all powerful:

God created man.

He is all powerful.

He makes the sun rise in the east,

He makes the sun set in the west.

God is the creator of all men and women.

God created my father and my mother.

God created me and gave me to my father and mother.

I must thank God.

I must pray to God.

**My prayer :**

O God, I learned today that you created me. Thank you for creating me. You make me grow. Please God, make me grow up like my father and mother.

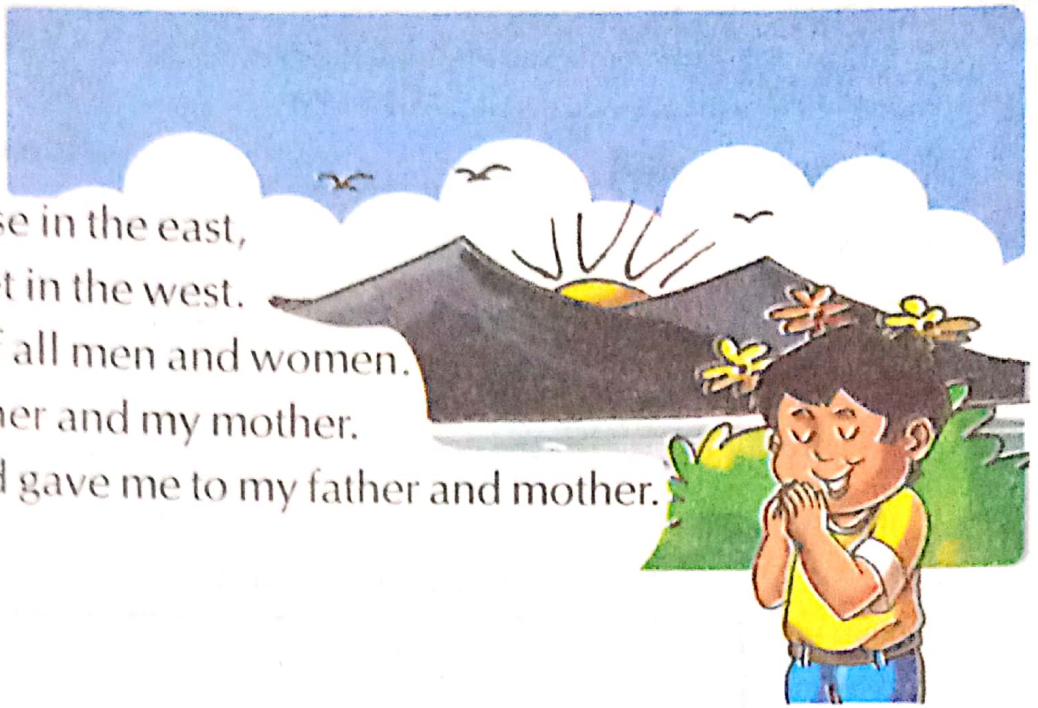

Say by heart :

God is good

God created the world.

God created man and woman.

I love God.

**Remember**

*Faith in God.*

### My Prayer

Dear God,  
The little plans  
I tried to carry through have failed.  
I will not cry.  
I will pause a while  
Dear God,  
And try again tomorrow.
